

Curriculum Vitae

Prof. Dr. rer. pol. Philipp Otto

Research Topics

Spatiotemporal Statistics, Spatial Modelling, Environmetrics, Statistical Process Control, Statistical and Machine Learning, Computational Statistics

Current Position

Since 09/2023 **Reader in Statistics and Data Analytics**
University of Glasgow, School of Mathematics and Statistics

Since 09/2018 **Assistant Professor “Big Geospatial Data” (positive mid-term review)**
Leibniz Universität Hannover, Institut für Kartographie und Geoinformatik

04/2020-04/2021 **Visiting Professor “Spatial Data Analysis and Statistical Learning”**
Georg-August-Universität Göttingen, Wirtschaftswissenschaftliche Fakultät

Scientific Background

01/2017-08/2018 **Leader of Junior Research Group**, European University Viadrina, Frankfurt (Oder),
Center B/ORDERS IN MOTION

04/2012-11/2016 **Doctoral Studies (Dr. rer. pol.)**, European University Viadrina, Frankfurt (Oder),
Supervisor: Prof. Dr. Wolfgang Schmid, Title of the Dissertation: Spatial and
Spatiotemporal Stochastic Processes - Modelling and Detection of Spatial
Structural Breaks with Applications in Economics and Biometrics

10/2008-06/2011 **Bachelor of Science (Internationale BWL)**, European University Viadrina,
Frankfurt (Oder), Germany

Scholarships and Awards

Since 07/2020 Member of the Junge BWG (Braunschweigische Wissenschaftliche Gesellschaft)

08/2017 Participation at the 6th Lindau Meeting on Economic Sciences, Nobel Laureates Meeting

Associate Editor of Environmetrics, AStA Advances in Statistical Analysis, AStA Wirtschafts- und Sozialstatistisches Archiv

Treasurer and Board Member of the German Statistical Society
